Commerce Workers' Unions From Greece Support USB Action Against Leroy Merlin

PAME, which represents the class trade union movement of Greece, expresses its solidarity and support to the USB Italy and the workers of Leroy Merlin, who are exploited through the "caporalato" method.

The multinationals exploit workers in all countries with similar ways. This why it is very important to support and multiply common initiatives of the workers in Multinationals such as Leroy Merlin.

The Commerce-Retail Workers' Unions of Athens, Thessaloniki and Piraeus, members of PAME, will participate in the action in solidarity with the workers who are exploited by Leroy Merlin.

On March 24 the Unions will visit the stores of Leroy Merlin in Athens and Thessaloniki and inform the workers about the conditions of the workers in Italy.
