TUI Public Services-Europe of the WFTU, expresses its solidarity with the workers and people of Italy

TUI Public Services - Europe of the WFTU expresses its solidarity with the workers and people of Italy. The workers and the people are once again unprotected against the big capital who does not respect human life, but it has as only criterion its profit.

We stand by your side and we convey our condolences to the families of the victims and their relatives.

Babis Vortelinos
TUI PS Vice President
Coordinator of Europe
