Comrade Pier Paolo Leonardi

Dear Comrade,

PAME, welcomes the election of USB and you personally as General Secretary of TUI Public Services in its 12 th Congress. On the occasion of your election PAME would like to express its support to the efforts you will make to reconstruct and strengthen the workers' movement, for the distinctive presence of the class oriented trade unions, for the strengthening and growing of WFTU in Europe and globally. The difficulties in your work are big. The correlation is against you. The brutal attack of capitalism escalates daily; however, faithful to the historic role of the working class, to the unbreakable force of those who produce the wealth, the class trade unions will overcome all obstacles.

The election of USB in this position shows the important role your organisation has played, within the few years of its existence till today, and also the perspective it gives to the movement. It shows the vanguard role of the class trade unions in Europe and especially in Italy, where USB has been the class counterweight, against the argument of "class collaboration" cultivated by the confederations, who betrayed the values and principles of the working class years ago. Furthermore, using the recent result of the general elections in Greece, such trade union leaderships attempt to drive the workers in supporting either one, or the other way of managing capitalism. They want workers to co-sign the new antiworkers' measures.

Against such positions, USB and PAME have been side by side on the path of struggle, in the great, militant family of WFTU. We highlight our common demonstration in Rome, at FAO, your speech in May 1 st at the gates of the Halivourgia factory, during the 9 month strike of the steelworkers, as well as your recent participation at the National Demonstration of PAME on November 1 st . Dozens are our common actions, press releases, announcements and positions against the barbarity of capitalist exploitation. We are certain that the class connection that unites us will only grow stronger.

PAME, based on the principles of Internationalism and Solidarity, will support your efforts

with all possible means

The Executive Secretariat

Congratulazioni a Pierpaolo Leonardi e in bocca al lupo per l'impegno e le sfide che vi aspettano.

Alberto Airola, Senatore M5S

Caro Pierpaolo,

sono stato informato della tua meritata nomina a segretario generale dell'Internazionale sindacale della funzione pubblica: ci tengo quindi a esprimerti le congratulazioni mie e di tutto il Partito Comunista (Svizzera) di cui sono segretario.

Seguiamo le iniziative della USB e ne apprezziamo la serietà: la tua esperienza potrà sicuramente essere utile al lavoro internazionale perché occorre riuscire a frenare l'egemonia che il sindacalismo di collaborazione di classe continua a esercitare (e noi in Svizzera lo vediamo in modo totale, non essendoci quasi organizzazioni di base).

Quest'anno ricorre il decimo anniversario di quando ci siamo conosciuti a Cuba, in occasione del XV Congresso della Federazione Sindacale Mondiale: io nel frattempo ho lasciato i ruoli dirigenziali nel Sindacato Indipendente degli Studenti e Apprendisti (SISA Svizzera) e mi dedico praticamente solo alla direzione del Partito. Tuttavia sono ancora molto vicino alla Federazione Sindacale Mondiale, per la quale alcuni quadri del mio Partito collaborano nella gestione dell'ufficio di Ginevra presso l'ILO.

Rinnovando i miei auguri per il tuo nuovo incarico, ti mando un saluto cordiale.
