PRESS RELEASE Saturday 20 JUNE 2015

Of Aboubakar Soumahoro Usb national secretariat and spokesman of International Coalition without papers, migrants, refugees and asylum seekers. (CISPM).

Ventimiglia, 21/06/2015

To France government of Francoise Hollande who betrayed and violated with EU complicity, Italy too, the sense of freedom, equality and solidarity words. We answer "open the borders" Today we are to the border in Ventimiglia with this claim for movement freedom and for the

right to stay. Some migrants tell us that they go over the border during this day like a demonstration. They want to say to the EU and to the member countries that this is their failure. Because of the illegal and racist way as Dublin third and Schengen Regulations, we have to react and act. The only way is to fight against the injustice reason. You want to make us slaves. We will answer with our release from your laws that are state racism.
