USB supports the strike of the Greek maritime workers of November 24

Nazionale, 24/11/2016

Straight to the general strike of December 8, against the politics of SYRIZA and the EU. The USB expresses a strong solidarity to the Ship, maritime and public service workers, that are fighting against the politics of Syriza Government .

The strike of November 24 is an important step and it's a part of the general struggle organized and leaded by PAME, that will have a significant engagement with the general strike of December 8.

The entire USB and the most conscious sectors of working class are beside PAME, to support the struggle of the Greek working class , as a part of the general struggle against the common enemies represented by EU and by the multinationals companies.
