OFFICIAL VISIT OF USB IN THE WFTU CENTRAL OFFICES

The leadership of the All-Italian militant trade union Organisation USB (Unione Sindicale di Base) held an official visit in Athens.

This meeting was the continuation of other previous meetings.

At yesterday's meeting in the WFTU Central Offices in Athens Greece, USB submitted an official Affiliation request as a full member of WFTU.

On behalf of WFTU, the General Secretary thanked the leadership of USB and stated that WFTU is satisfied because a class oriented, fighting trade union was founded and functions in Italy.

USB is a positive example and a positive reply against the opportunism, the bureaucracy and the careerism that dominate in the big traditional Italian trade unions.
