Message of Solidarity

, 15/09/2016

Dear Comrades,

We have received with great sorrow the sad message informing us about the assassination of Comrade Abd Elsalam Ahmed Eldanf, who was an activist of USB.

Abd Elsalam, he dedicated his life to the struggles of the working class and of the defense of the workers rights. Although he was not a precarious worker, he struggled to the end of his life against the brutality of capitalism, against the precariousness and for the respect of the agreements.

On behalf of the European Regional Office of WFTU we express our condolences to his family and our class solidarity to USB and all his comrades.
