PAME Condemns the Murder of the Striker Worker in Italy

, 16/09/2016

PAME Condemns the Murder of the striker Abd Elsalam Ahmed Eldanf, from the company GLS/SEAM in Pacienza of Italy.

Comrade Abd Elsalam Ahmed Eldanf, from Egypt, member of the USB Italy, was picketing the strike in the company GLS/SEAM, which was taking place against precarious working conditions imposed by the company. The employers gave orders to one of the drivers to move his truck against the picket line. The truck hit and killed the striker, father of 5 children.

PAME condemns the employers, who emboldened by the support of the Italian Governments, want to impose their dominance over the bodies of the workers. The escalation of oppression and repression will have its answer by the organized, class oriented trade union movement.

We express our class solidarity to the struggle of the workers of GLS/SEAM and USB.

We call all trade unions of Greece and Europe to massively condemn the murder of our comrade Abd Elsalam Ahmed Eldanf and express their solidarity.

WE DEMAND THE IMMEDIATE PUNISHMENT OF THE MURDERERS

We strengthen solidarity! - We strengthen the fight!
