USB: MAXIMUM SOLIDARITY WITH OUR LEADER ABOUBAKAR SOUMAHORO AGAINST THE THREATS OF RACISTS AND FASCISTS

Nazionale, 05/06/2020

USB denounces the heavy threats, published on the facebook group "Matteo Salvini and Giorgia Meloni for a safe and stable Italy", against our trade union leader Aboubakar Soumahoro, who has always been committed against racism and in denouncing the slave conditions in which hundreds of thousands of Italian laborers and immigrants in the countryside of our country are forced to work, without differences between North and South. The threats that have appeared on this facebook group testify to the arrogance and idiocy of racists, fascists and sovereignists.

We will be able to respond to these boorish figures in the appropriate ways and terms with antiracist and anti-fascist mass mobilizations.
